Galatians 5:19-21**

## SUMMARY:

What an amazing gift it is to be in the Presence of God! But, your hands must be clean and your heart pure. Don't touch holy things with unclean hands. We are going through an international pandemic and clean hands in public are an absolute "must" to help us steer clear of COVID-19. But, we also need to cleanse our hearts in private. The pandemic has caused us to really examine how much of God is in our lives and our homes when we do not have church.

## KEY POINTS:

- 1. If you let Him, God will wash your heart.** Repentance is paramount to the Christian experience.
- 2. Clean hands without a pure heart will still crucify people.** Examine your words this past week---have they crucified someone? Social media has heightened criticism and an ugly heart.
- 3. Guard your heart with all diligence.** We all picked up some filth during the pandemic and we must repent and clean our hands AND our heart.
- 4. Dirty hands cannot handle the holiness and power of God.** God is a holy God and we must stay clean and purify our hearts as we enter the presence of God. Lift up HOLY hands that are clean. Ask God for a revival to cleanse your hands and your spirit.
- 5. Make sure you prepare yourself to touch the presence of God.** Guard your hands and your heart. Don't take the presence of God for granted.
- 6. Anyone who is going to serve God must wash their hands before returning to service.** As you return from the pandemic restrictions, don't come with your gift of service to the Lord with dirty hands. Cleanse your hands and purify your hearts.
- 7. Clean your hands and purify your heart and God's presence will come.** You are asking for the Presence of God but He will not touch dirty hands.
- 8. You need to guard your ears.** The music you listen to needs to be examined BEFORE it is allowed to enter your mind as well as the words of others.

## **FINAL THOUGHTS:**

We can't keep dirty hands and dirty hearts and expect the Presence of God to be a part of your life. Ask God to sanitize your hands and your spirit. Some of you have picked up some things during this pandemic that are more deadly than COVID-19 because it is infecting your spirit and you have to get clean again. Even the language you use, if it is filled with profanity, it needs to be cleansed. You can't climb that holy hill with filthy hands and an impure heart.
